OPTIMISM

All thing work together for good.

Christmas means that little boys will get their ears mussed up with pie, and this means a boom in the soap market.

Any real healthy little boy is pretty sure to tip the gravy over. This means business for the laundry.

Sometimes it means spankings and spankings were out pants, thereby encouraging the clothing merchant.

Grandma is likely to break a tooth on a bone, thereby stimulating the dental trade.

And an assortment of stomach-aches means a donation to the doctor.

Some generous parent may give his daughter away and this is apt to make business for the lawyer.
